

Ralph Chrzanowski

I'm a student of the First High School in Cracow, Poland. I've been programming since I was 14 and since then it was my main passion and favourite thing to do in my free time. I have the most experience in web-development, especially in backend, but I also have got frontend abilities. I love gathering experience and knowledge. I'm not lacking motivation to work.

I am: conscientious, thrifty, punctual, focused on self-improvement, flexible with my skillset, helpful to others around me and a perfectionist.

Education

- 2016 • **Middle School No. 16**
📍 Cracow, Poland
